Bobby's Adventure World

SUBHEADING

Eight stations of mountain adventures

SHORT TEXT

Practice your balance, send balls rolling, and captain a raft across the lake: eight varied stations await young explorers and their families at Bobby's Adventure World, set against Obertauern's summer mountain scenery.

TEXT

Your family adventure begins in the mountains after a ride on the Grünwaldkopfbahn cable car. Around the lakes Grünwaldsee and Krummschnabelsee, Bobby's Adventure World blends active play with nature-based discoveries. From the ball run and balancing course to the water channel and Mankeibau, each station offers something new to try.

Bobby's collector's pass turns your visit into a little adventure with a reward. You can buy it at the entrance to the Grünwaldkopfbahn or Kringsalmbahn for 5 euros, which includes a ball for the ball run. Have the pass punched at all eight stations. Once it is complete, a surprise gift awaits.

HARD FACTS

- Activity stations around the lakes Grünwaldsee and Krummschnabelsee
