The next bend may reveal a new favourite spot: a peaceful mountain lake, a sunny alpine pasture, or a view of the Radstädter Tauern. Around Obertauern, choose a bike route that suits your fitness and ability, with or without electric assistance.

The routes to the Tauernkaralm lodge and the lake Tauernkarsee combine exercise with beautiful places to stop. The Alles-Alm-Tour passes through varied alpine pasture scenery, while the circuit via the Felseralm lodge and the waterfall Johanneswasserfall offers more impressive views. For a longer adventure, consider the Stoneman Taurista. Mountain bikes and e-bikes are available to hire locally.
