

HEADING

Summer mountain lifts in Obertauern

SUBHEADING

Three lifts to take you straight to mountain adventures

SHORT TEXT

With the lifts Grünwaldkopfbahn, Hochalmbahn and Kringsalmbahn, your summer day in the mountains begins at an easy pace. Whether you choose a walk, play stations or a break by the lake, there are plenty of ways to spend time together in nature at the top.

TEXT

The Grünwaldkopfbahn cable car takes you to an ideal starting point for walks and Bobby's Adventure World. At the lake Grünwaldsee, you can also enjoy the mountain scenery from a pedal boat.

The Hochalmbahn lift takes you to additional viewpoints and the heart-shaped photo spot. Free stand-up paddleboards are available on the lake Krummschnabelsee. The Kringsalmbahn lift offers more opportunities for play, including a ball run and a play snow groomer. A water playground invites exploration right at the valley station. Combine your ride up with activity, play and a leisurely stop for refreshments.
