HEADING

First.Track in Obertauern

SUBHEADING

Early turns on the slopes followed by alpine brunch together

SHORT TEXT

Freshly groomed slopes, crisp morning air and an early start: at First.Track, you can make your first turns at 7:30 AM. Locals accompany you on the runs before you round off the morning together with an alpine brunch.

TEXT

Before regular skiing begins, First.Track opens selected slopes for a special morning in the mountains. With locals by your side, discover the runs early in the day and enjoy the peace and quiet on the slopes.

Five dates take you to different lifts and brunch venues. After skiing, regional specialities and a goodie bag await. Choose your date and book the experience with or without a ski pass.
