Gamsleiten Kriterium in Obertauern

SUBHEADING

Grab a shovel and hunt for treasure in the snow

SHORT TEXT

Your next big find could be waiting beneath the snow: from **9 to 11 April 2027**, the Gamsleiten Kriterium takes place for the 19th time. Around 1,200 participants search for more than 30 buried treasure chests at Austria's largest treasure hunt in the snow.

TEXT

Your starting number has been drawn, your small garden shovel is ready and the search area stretches out before you in the snow. At the Gamsleiten Kriterium, you have two and a half hours to find one of the hidden chests. Participants start in the order of the numbers drawn the day before.

Each treasure chest contains a prize worth at least € 1,000.00. The main prize is a new BMW. Which chest holds which treasure is revealed when they are opened together at the prize-giving ceremony. An after-party with a concert rounds off the day.
