SUBHEADING

Easy access to a variety of runs

SHORT TEXT

26 lifts, around 100 kilometres of pistes and eleven access points: in Obertauern, it is easy to get up the mountain and find a run to suit your ability.

TEXT

Cable cars and lifts around Obertauern link the different parts of the ski area, creating a varied circuit. Explore the village on skis along the Tauernrunde, following the red circuit clockwise or the green circuit in the opposite direction.

Around 100 kilometres of pistes offer everything from wide, easy slopes to challenging runs. Night skiing, the speed-measurement course and "Good Morning Obertauern" enhance your skiing experience. Obertauern ski passes valid for 1.5 days or more are also accepted in the Grosseck-Speiereck ski area in Mauterndorf and St. Michael im Lungau. For guests carrying ski equipment, the pass also serves as a ski-bus ticket.
