

## Interesting facts about Obertauern Bobby's world of experience

Obertauern offers a very special adventure world for younger guests. Together with the mascot Bobby, children can let off steam on various sporting adventures.

After the ascent with the Grünwaldkopf, there are many different stations. There are fun tasks to complete around the Grünwald and Krummschnabel lakes.

The eight stations include an exciting obstacle course on stilts, a 100-metre-long marble run, an adventurous raft ride across the Krummschnabelsee and an exploration of the underground marmot buildings.

At the entrance to the Grünwaldkopfbahn cable car, you collect Bobby's hiking pass, which is then punched during the hike. Afterwards, the hiking pass is exchanged for a surprise gift as a reward at the restaurant "die Talstation".
